

# FORUM FOR INDUSTRIAL BIOTECHNOLOGY

23 OCTOBER 2012, LAMOT, MECHELEN

A **CINBIOS** EVENT

08:30	REGISTRATION & WELCOME COFFEE (Kolommenzaal)	
09:30	<b>WELCOME</b> (Auditorium)   <i>Willem Dhooge, Project Manager Industrial Biotechnology, FlandersBio</i>	
09:40	<b>PLENARY TALK I</b> (Auditorium): <b>OECD outlook on industrial biotechnology</b> <i>James Philp, Science and Technology Policy Analyst, OECD</i>	
10:05	<b>PLENARY TALK II</b> (Auditorium): <b>The potential of sustainable use of biomass in biorefinery networks in Flanders</b> <i>Ann Braekevelt, Project Leader, OVAM</i>	
10:30	<b>PLENARY TALK III</b> (Auditorium): <b>Biorefinery of the future: an industrial opportunity</b> <i>Jean-Marie Chauvet, Project Manager, ARD</i>	
11:00	COFFEE BREAK   POSTER SESSION (Kolommenzaal)	
	<b>PARALLEL SESSION 1: BIOBASED PRODUCTS</b> (Auditorium)	<b>PARALLEL SESSION 2: FINANCE</b> (Dijle Room)
11:30	<b>New developments in biopolymer based plastics</b> <i>Jeroen van Soest, Innovation Manager, Rodenburg Biopolymers</i>	<b>Financing the biobased economy</b> <i>Ludwig Goris, Investment Associate, Capricorn Venture Partners</i>
11:50	<b>Valorisation of fungal biomass for the development and manufacturing of functional biopolymers</b> <i>Véronique Maquet, Product Development Manager, Kitozyme</i>	<b>The introduction of green propylene glycol in the oleochemical value chain</b> <i>Bart Tijsebaert, Business Manager Fatty Acids, Oleon</i>
12:10	<b>Light as an alternative green chemistry technology for the modification of biomass</b> <i>Kevin Huvaere, Senior Scientist, Ecosynth</i>	<b>Commercialising competitively priced biobutanol</b> <i>Sean Sutcliffe, CEO, Green Biologics</i>
12:30	LUNCH   POSTER SESSION (Kolommenzaal)	
	<b>PARALLEL SESSION 1: VALORISATION OF SIDE STREAMS</b> (Auditorium)	<b>PARALLEL SESSION 2: RESEARCH</b> (Dijle Room)
14:00	<b>Creating industrial synergies in the UK</b> <i>Ian Humphreys, Regional Director National Industrial Symbiosis Programme, International Synergies Ltd</i>	<b>Creation of superior yeasts for the production of beer, bio-ethanol and natural flavor compounds</b> <i>Kevin Verstrepen, Professor, VIB-KU Leuven</i>
14:20	<b>From waste to value</b> <i>Paul van Hooijdonk, Manager Biogenic Materials, Van Gansewinkel</i>	<b>Development of robust xylose fermenting industrial yeast strain for bio-ethanol production</b> <i>Mekonnen Demeke, PhD Student, VIB-KU Leuven</i>
14:40	<b>Energetic valorisation of organic waste with a potential sanitary-hygienic risk</b> <i>Koen Ponsele, QSE Manager, VION</i>	<b>Maximal valorisation of unused wet biomass</b> <i>Bart Van Droogenbroeck, Research Scientist, ILVO</i>
15:00	<b>Valorisation of side streams into biogas production</b> <i>Tina Rogge, Product Development Manager, Proviron</i>	<b><i>Candida bombicola</i>: a platform organism for the production of interesting biomolecules</b> <i>Sophie Roelants, PhD Student, UGent-Inbio.be</i>
15:20	COFFEE BREAK   POSTER SESSION (Kolommenzaal)	
16:00	<b>PLENARY TALK IV</b> (Auditorium) <b>Cargill's biotechnology developments for a sustainable bioeconomy</b> <i>Jean-Claude De Troostembergh, BioTDC Europe Director, Cargill</i>	
16:25	<b>PLENARY TALK V</b> (Auditorium) <b>A food company's strategy on valorisation of agricultural residues</b> <i>Liesbeth Lehoucq, Product Innovation Scientist, Tereos Syral</i>	
16:50	<b>CLOSING REMARKS</b> (Auditorium)   <i>Ann De Beuckelaer, Managing Director, FlandersBio</i>	
17:00	NETWORKING RECEPTION (Kolommenzaal)
